- **Oil Changes:** Using the correct weight and type of oil (check your owner's manual) is paramount. Ignoring oil changes can lead to severe engine damage. Sticking to a regular schedule, typically every 3,000-5,000 miles (or as recommended in your manual), is vital. This is arguably the most important aspect of **Mazda Millenia maintenance**.
- **Fluid Checks & Changes:** Regularly check and change transmission fluid, coolant, brake fluid, and power steering fluid according to the recommended intervals in your 2002 Mazda Millenia owner's manual. - **Belt and Hose Inspections:** Regularly inspect your serpentine belt and hoses for cracks or wear. These components are critical for engine operation, and failure can lead to significant problems.
- **Spark Plug Replacement:** Spark plugs are essential for efficient combustion. Replacing them at the recommended intervals, usually every 30,000-60,000 miles, is essential for optimal engine performance and fuel efficiency.
